

[illegible]

This architectural drawing shows a side elevation of a building. A red antenna is positioned on the roof, with a line indicating its signal path towards a building on the right. A horizontal dashed line with arrows at both ends spans the width of the drawing. On the left, a vertical scale bar is marked with values 0, 1.50, 3.00, 4.50, and 6.00. The building facade features several windows of different shapes and sizes, some with shutters, and a central arched entrance. The drawing is a technical representation of a physical scene.

Spaziamento della muratura sia sul piano orizzontale che in quello verticale visibile ad occhio nudo
